**By signing below, I agree to the following:**

- I am consenting to have IGS Energy become my natural gas supplier and to receive pricing described below.
- Switching to IGS Energy typically takes 1-2 billing cycles.
- I will receive the same pricing that my employer receives (applicable NYMEX closing settlement price of gas multiplied by utility's BTU conversion factor plus \$1.35 per MCF (\$0.135 per CCF).
- The IGS Energy price excludes all applicable taxes and Vectren transportation fees.
- The price shall be in effect through the March 2011 billing cycle and will automatically renew on a month-to-month basis thereafter.
- The IGS Energy pricing will guarantee a savings of \$0.20/MCF (\$0.02/CCF) through March 2011 billing compared to Vectren's current monthly Standard Choice Offer (SCO) price.
- If my employer locks in a fixed rate, I am obligated to pay the same fixed rate, unless I opt out of the fixed rate.
- If I opt of the fixed rate, I will either remain with IGS Energy on the guaranteed savings rate, or be returned to Vectren, who will then randomly assign my account to an SCO supplier at the SCO pricing then in effect.
- Vectren's current SCO pricing is effective through March 2011 billing and is the determined monthly by the applicable NYMEX closing settlement price of gas multiplied by utility's BTU conversion factor plus \$1.55 per MCF (\$0.155 per CCF).
- In early 2011, Vectren will announce its new SCO pricing, and said pricing will be effective Apr 2011 billing.
- In early 2011, I will receive notification from the Catholic Education Collaborative as to my natural gas options (to continue at with IGS Energy, or possibly switch to a new supplier).
